Failure by a member of the Fund to fulfill its obligations consists of its failure:

- Either to return to its covered clients funds owed to them or funds which belong to them but are held by the member, directly or indirectly, in the framework of the provision by the said member to the said clients

Indications that the covered client has an impediment for which he is not responsible and which forms a reason for the interruption of the deadline for the submission of a compensation application include especially

viii. Unjustifiably paid compensation

The Fund may demand at any time from a covered client to return the compensation paid to it, if it finds out a posteriori that there was a reason to reject its application.

The amount of the compensation payable to each covered client is calculated in accordance with the legal and contractual terms governing the relation of the covered client with the member of the Fund, subject to the set-off rules applied for the calculation of the claims between the covered client and the member of the Fund.

The valuation of the financial instruments pertaining to the compensation payable to the covered client is carried out based on their value at the day:
